Dear Mufti

I write following the recent publication of the 2018 KS4 Interim School Performance Tables to offer my congratulations on behalf of Lancashire County Council for achieving the highest Progress 8 score in Lancashire, which also places you within the top 5% of maintained schools nationally.

I also note that you rank in the top 5% nationally for the new English Baccalaureate Point Score and the proportions gaining Grade 4+ and Grade 5+ passes in the English Baccalaureate; and in the top 10% nationally for the Attainment 8 score and the proportions achieving Grade 4+ passes in English and Maths, and gaining 5 or more passes at Grade 4 or higher including English and Maths.

This level of student achievement suggests high quality curriculum provision and considerable dedication from staff and pupils alike and you can be justifiably proud of the success of all involved.

With thanks for your contribution to our young people and your investment in the future of your community.

Yours sincerely

John Readman
Interim Executive Director of Education and Children's Services
