Dear Parents and Carers

Parent Workshop – Parental Engagement, Class Charts Software

Assalamualaikum, I hope and pray this letter finds you in the best of health and Imaan.

I am writing to give you information about a workshop event that we will be providing for parents of all year groups. This will give parents advice and guidance about a new piece of software that we are investing in called Class Charts. It will give you real-time information to your mobile device about any achievement or behavior points that your daughter has been given and can be used to communicate information about homework. It is an exciting development in how we communicate with you and we invite you to this workshop to learn a little more about it. There is no need to bring any devices at this event as registration will be at another time. This event will explore:

- Communicate positive achievement in real-time
- How we can keep you informed of achievements, behaviour and homework
- Help pupils monitor & reflect on their own behaviour, homework and attendance.
- Information on how to download the app

After the presentation there will be an opportunity to ask any questions.

The event will take place in the hall at the Deepdale Mill Building on Monday 28 January from 5.15pm to 6.00pm.

I look forward to seeing you there.

Yours sincerely

Mufti Javid
Headteacher
