Dear Parents and Carers

Eid Mubarak

I hope and pray this letter finds you in the best of health and Iman.

It has been two long months since the school had to close its doors to pupils, but their learning has continued in many strange ways. It has been heart-warming to hear that you and your daughters are safe and happy at home, with pupils engaged in their studies and benefitting from your support.

We are closely following the government's announcements about a phased re-opening of the school for Year 10, but until that guidance becomes clearer the school will continue to provide learning through Microsoft Teams sessions and by setting work through Class Charts. You will also continue to receive a weekly update on the content of the curriculum that is being covered. We will keep you informed of any further developments about a possible phased reopening of the school as soon as it is announced. I am certain that you would like to join me to congratulate the staff and the pupils on the spirit in which they have embraced this new approach to teaching and learning. We will continue to provide all necessary support to all our staff and pupils to ensure that our pupils are not disadvantaged in any way.

I know It has been particularly challenging for some during this lockdown as it coincides with the blessed month of Ramadhan, but with patience and perseverance we have managed to take advantage of these precious moments. May the Almighty grant us the ability to value the remaining days. Aameen.

Finally, this year Eid will feel very different to many, but we can always make the best out of the situation we are in. I would like to take this opportunity to wish all our parents, pupils and staff a very happy and joyous Eid. May the Almighty continue to shower his special favours upon you, and may he keep you and your families safe in his protection. Aameen.

Eid Mubarak!

Yours sincerely
