Dear Parents and Carers

Successful Reopening – Home Test Kits

Assalamu Alaikum, I hope and pray this letter finds you in the best of health and Imaan.

I am writing to tell that our school reopening has gone very smoothly. All pupils in all year groups are back in full time education and are pleased to be so. It is wonderful to be able to welcome them all back and to see them take that first important step to getting things back to normal. We continue to promote safe practices and all pupils remain in year group bubbles or zones and pupils and staff continue to wear face masks in communal areas.

By tomorrow we will have tested all pupils with consent three times since their return to school. The behaviour of pupils throughout this process has been exemplary and I would like to thank them and the testing staff for everything they have done.

Home Test Kits

All pupils with consent for testing are being given a home test kit as they complete their final test in school. The kit contains full instructions for home use. Pupils should continue to be tested at home twice per week with tests being 3 to 5 days apart. There are details in the kit about how to log your test results with NHS Test and Trace. There is no need to inform the school about the outcome of your tests unless they are positive. If that happens please inform the school, keep pupils at home in self-isolation and follow the instructions in the kit.

Each kit contains sufficient material to administer seven tests. We will distribute more tests to staff and pupils when the current ones have been used up. Unfortunately, we can only supply test kits for the use of our own pupils. If you require additional home test kits for other family members, please follow the government guidance on NHS test and trace.

Thank you for your ongoing support.

Yours sincerely

Mufti Javid
Headteacher
