## HEADTEACHER'S WELCOME

MR R PATEL

Welcome to the final newsletter of this school year. The summer term is always a busy one and there is a lot to share with you.

The biggest event in school is that our Year 11s have now completed all their GCSE examinations. They have worked very hard for their GCSEs, as have their teachers. After all of their exams were finished, we celebrated by taking them to Alton Towers for a final school trip and had a glorious day in the sunshine together; they reciprocated by putting on an assembly for the teachers and we all shared in a barbeque together. They will be returning in November for our annual Awards Evening where we publicly celebrate their achievements and recognise their contribution to the school. Well done to them all and we wish them well in the summer and in their future careers!

The summer term is always a busy one for exercise and activity with the Duke of Edinburgh expeditions, Tower Wood residential activity and Ingleton Falls walks and a host of other trips, events and activities. This term culminated in the Whole School Sports Day where we take over the UCLAN Sports Centre and compete to be the best! For some of our pupils this is the highlight of the school year and their chance to prove themselves on the running track or athletics arena. All of these activities develop character and teambuilding skills, developing our girls as leaders and improving their physical fitness. Our girls work so hard in the classroom so it is wonderful to see them excelling in this way. Well done to everyone who took part in these events.

## Celebration Assemblies

*Pages 16-19*

As ever we have seen a busy schedule of charity events including Benefit Mankind, Angels and The PMGHS Bake-Off Competition to mention just a few. The continued generosity of our girls and the compassion that they show to those less fortunate than themselves never ceases to impress me. May the Almighty bless them all for their kindness and their concern for those who may not have had the same opportunities in life that our pupils benefit from.

As we say goodbye to our Year 11s we see the arrival of our new Year 7s who visit us from their primary schools on Moving Up Day. This is their first chance to become PMGHS pupils, to meet the other girls in their Form Group and to start forming friendships. It is an exciting time for them all and, on behalf of everyone at PMGHS, I extend a warm welcome to them and their families.

As our new Year 7s arrive it is also a time to say some farewells. Mr Foster, our Deputy Headteacher since 2012 will be retiring in the summer. At the same time, Mufti Javid, who has been working behind the scenes for the last two years is also due to move on. Their joint impact as Headteacher and Deputy has been a profound one and they have overseen the development of the school from very humble beginnings to where it is now. We owe them both a debt of gratitude for everything they have done and we wish them well for the future.

My thanks to you all for your ongoing support.

Please have a safe and restful summer.

**Mr R Patel**  
Headteacher

# MEET THE PUPIL

## ANAH IKRAM YEAR 10

Salam, my name is Anah Ikram and I'm a Year 10 student, going into Year 11 in September. From having the opportunity to be in both the Student Council and also the Student Shura, I can say I have learnt a lot, whether it be communicating well with my fellow council members or developing the ability to effectively share my thoughts on improving the school. Alhamdulillah for being in a school in which the values of Islam combine with the teaching that our lovely school provides. I will insha Allah continue to apply the skills that I have learnt in the early years of Y7 to my future position as a Y11 pupil.

### **Why did you choose to attend PMGHS?**

I am originally from Scotland, in a small town in which there was only a small population of Muslims. My parents truly valued sending us to a girls-only Islamic school, so they had to search far and wide. The only option was boarding school, until they came across PMGHS! They then decided, after much discussion, to take the opportunity to move to Preston in 2019 to hopefully be able to get a place in this school. I remained in primary school for a year and a half, completing my foundations of education, as my father applied for the school. Throughout lockdown we waited patiently, and alhumdulillah here I am today, already 4 1/2 years into high school, enjoying it to the fullest! I thank the school for everything it has provided to me and I will remain a hard-working student Insha Allah until I leave.

### **What is your favourite subject and why?**

My favourite subject is science, in particular, biology. Having the ability to see how our bodies work and linking this to the magnificent work of our Lord; how every intricate detail creates us as people, and how without them, whether it be the organs or even the tissue that is made from our cells, our body wouldn't work. This truly is one of the many wonders of the world!

### **What would you like to do when you leave education?**

My pathway after high school will be to take biology and chemistry at A level, along with another subject which I will choose nearer the time. I want to, inshAllah, follow the career path to become a doctor. I would love to be able to help people who are prone to getting illnesses, providing them with cures and ways in which they can become better. Insha Allah, with the duas of my family and friends, I will tackle all the time management and efforts needed to work in medicine.

United Kingdom  
Mathematics Trust

# JUNIOR UKMT CHALLENGE

YEAR 7 & 8

On Thursday 25th April, selected Year 7 and 8 pupils took part in the Junior UKMT Challenge. This is a maths challenge that encourages mathematical reasoning, precision of thought and fluency to make students think. Pupils can either be awarded a Bronze, Silver or Gold Award. Mashallah, we had a brilliant outcome achieved by our Y7s and Y8s! Please see the results below.

Extra Well Done to Afia Master! Not only did she achieve Gold and Best in School Award, but her score in the Junior Mathematical Challenge has also earned her a place in the Junior Kangaroo 2024 follow-on round. This is a massive achievement for both her and the school!

## OUR WINNERS ARE:

### Year 7

Aaminah Imran Patel Silver Best in Year  
Khadija Aziz Silver  
Fatimah Imran Patel Silver  
Aliya Bhuta Bronze  
Arina Islam Bronze  
Aaminah Sidat Bronze  
Hamnah Umar Bronze  
Aaminah Arif Patel Bronze  
Halima Manjra Bronze  
Juwayriyya Patel Bronze  
Khadijah Ali Bronze  
Maryam Desai Bronze  
Fatimah Usman Patel Bronze  
Ezzah Sajjad Bronze  
Rabiya Sarwar Bronze

### Year 8

Afia Master Gold Best in School  
Fatima Badat Gold  
Afeefah Gani Gold  
Yasmine El Kadi Silver  
Fatima Hasan Silver  
Hafsa Amin Silver  
Huda Sajid Silver  
Ammarah Wadie Bronze  
Ammarah Wadie Bronze  
Sumaya Ikram Bronze  
Safa Fatima Malik Bronze  
Fatimah Nomani Bronze  
Fatimah Nomani Bronze  
Aaminah Adam Bronze  
Shabana Jamil Bronze  
Khadija Hussain Bronze  
Aaminah Master Bronze  
Aaminah Desai Bronze  
Eiliyah Ghoni Bronze  
Ayesha Umar Bronze

# SHAKESPEARE WEEK

## CREATIVITY, DRAMA & COMPETITION

From 18th-24th March, our school buzzed with the spirit of Shakespeare as students and staff participated in a vibrant celebration of the Bard's works. The week featured a blend of educational activities and creative competitions, immersing everyone in Shakespeare's timeless plays.

### Genre Carousel Activities

Within the day, students explored different genres of Shakespeare's plays through a series of interactive workshops:

- **Macbeth (Tragedy):** Pupils became detectives in a thrilling murder mystery, deciphering clues to uncover the culprit in this dark and suspenseful play.
- **Romeo and Juliet (Love):** Armed with quills, students penned persuasive let-ters, immersing themselves in the tragic romance of Romeo and Juliet.
- **A Midsummer Night's Dream (Comedy):** Creativity took flight with The Flying Fairy Wing Challenge, where students crafted whimsical wings inspired by the magical fairies of the play.
- **The Tempest (Comedy, Romance and Tragedy):** A dynamic survival and team-building workshop, where pupils worked together to navigate the challenges of being stranded on a mystical island.

The highlight of the week was the inter-form competition to recreate the Globe Theatre.

The entries showcased students' ingenuity and craftsmanship, with one standout—a meticulously crafted Globe Theatre cake that captured the essence of the theatre while delighting everyone with its intricate design and taste.

### Understanding Shakespearean Insults

Adding to the fun, our fortnightly oracy session focused on Shakespearean insults. Pupils explored the Bard's witty language, learning to deliver his famous barbs with flair. This session enriched their vocabulary and offered a humorous glimpse into Shakespeare's verbal duels.

Shakespeare Week was a resounding success, bringing literature to life in new and exciting ways!

# INTERNATIONAL WOMEN IN ENGINEERING DAY 2024

In honour of International Women in Engineering Day, Amey Group, a major national engineering company, hosted an annual Engineering Challenge. This year, 6 students from PMGHS were selected to represent our school in the Amey Challenge Cup.

The Challenge Cup event brings girls aged 13-15 into Amey workplaces to work with engineers for a day to solve a real-life engineering problem. It looks at all aspects of an engineering project including planning, budgeting and managing risk, and culminates with the teams presenting to a judging panel. Students worked in a team competing against representatives from other local schools. The competition combined mathematical, communication and teamwork skills, and offered students another way to express and develop their enjoyment of mathematics, as well as inspiring them to consider a future in the engineering pathway. Alhamdulillah, our Year 8 team, consisting of Fatimah Nomani, Afia Master and Hamnah Mamsa plus 3 pupils from another school, won the cup! Massive congratulations to them all!

INTERNATIONAL WOMEN  
In ENGINEERING DAY

23 June

## SCHOOL MEALS FROM SEPT

From September, school dinner meal deals will be priced at £2.70 per meal, due to an increase in costs from Lancashire County Council. Dinners will continue to be provided for free for all children on the free school meal list. If you believe that your daughter may be eligible for free school meals, please visit this website to check:

<https://www.lancashire.gov.uk/children-education-families/schools/free-school-meals/?page=3>

# GRANNIES HALAQAH

## SCOUTS

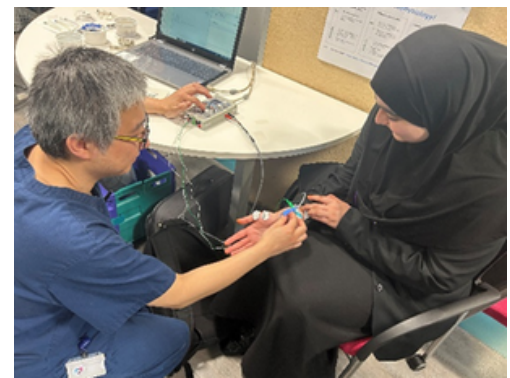

Our Year 8 Girl Scout Troop got together to plan a fun, interactive and engaging Scouts session for an often-overlooked part of our society: grannies!

Grannies from Quwwatul's Granny halaqah were eager to see what the Girl Scouts can offer them. Safe to say they were all bowled over by the care and attention they received, and of course they did not go home hungry. EagleEye, the Group Scout Leader commented, "What an excellent array of volunteering skills displayed by the mighty Girl Scouts. They went above and beyond. I pray Allah SWT accepts every bit of effort the girls carried out and allow them to venture further into the fulfilling and rewarding act of volunteering in the future". A massive thank you to all the pupils who took care of the grannies!

## NHS CAREERS EVENT

Our Year 9 pupils attended the NHS Careers event at the Royal Preston Hospital's Education Centre in May. This was an exciting opportunity for a career-inspired day, with the chance for pupils to meet real NHS Professionals from a wide range of de-partments including Doctors, Nurses, Physiotherapists and non-clinical roles like HR, Finance and many more. The event was packed with over 27 different departments who were ready to showcase their exciting careers to our pupils, this included Ophthalmology, Radiography, Cardio-Respiratory, Pathology, Nursing, Dietetics and more. There were lots of activities that pupils took part in, which included seminars, Basic Life Support sessions, choking vests, simulation hands, ultrasound scanners, mobility suits, VR Headsets with 'in the body experience' and lots of other exciting interactive activities. Pupils gained valuable insight into the wealth of opportunities that are available within the NHS.

# SCOUTS

## YEAR 7 & 8

Selected Year 7 and Year 8 Girl Scouts were given a special invitation to visit the Mayor in his Parlour and Chambers. It was fascinating to hear of the history of Preston and the traditions behind the mayor's robes and chains, and a memorable experience for all!

Cycling sessions have taken place this term with support from Go Outdoors who are the official sponsors of the Scouts' Cycling Badge. Our Girl Scouts have learnt about bike maintenance and cycling skills. Our Year 7 scouts have also had the fantastic opportunity to take part in golf sessions. We are lucky to have had a trained golfing instructor come into school to teach our Year 7 Girl Scouts some key golfing skills and show them that golfing is a sport that anybody can access.

# ANNUAL INTER-SCOUTS GAMES 2024

Selected Year 7 and 8 Girl Scouts bravely took on the 10th Fulwood (Salaam) Scouts in the Annual Inter Scouts Games 2024. It was a brilliant achievement and Deepdale Central won the swimming heats and came first! The Deepdale Central Girl Scouts also participated in track, field and archery events, and did themselves immensely proud. Sadly for us, overall 10th Fulwood won, however the Deepdale Central Scouts were represented wonderfully by talented and daring Girl Scouts. Well done to all!

## BIBBY'S FARM SLEEPOVER

Our Year 8 pupils were given the opportunity to take part in a sleepover at Bibby's Scout Campsite. The experience involved a 2-night stay, with the days being packed full of chances to develop skills for life: cooking, shooting, axe throwing, kayaking, hiking, to name just a few of the activities taking place! Together, the girls made memories for life. The weather was wet and cold, but the girls did not let it affect their experience of being away from home and embracing the great outdoors. The finale was a hike to Anglezark, which was a real cherry on the top of the visit, finishing a 2-night sleepover on a happy and sunny ending! Sitting by the reservoir, surrounded by astounding and breathtaking nature, we took the opportunity to reflect on Allah swt, as well as the great females of our Islamic past, e.g. Hadhrat Asma RA when she was climbing mountains to give food to her father and our Prophet (SAW). A real contextually-enhanced hike led by two hiking experts – Shabana Seedat and Khadijah Nakhuda. It was both spiritually and physically nourishing, and a truly wonderful experience for all.

# KS3 REWARD TREAT

## COMMITMENT TO LEARNING AWARD

At PMGHS, pupils are rewarded for 100% attendance. Recognising that attendance and academia go hand in hand, we acknowledge and celebrate those who attend school every day. The forms that achieved the highest attendance for the spring term were rewarded with a special pizza treat, celebrating their dedication and commitment to attending school every day. It is a fantastic way to recognise their hard work and commitment. Keep up the good work!

## TRANSITION DAY

Our new prospective Year 7 pupils joined PMGHS for an exciting taster day, where they enjoyed participating in a variety of workshops and got a first-hand experience of what high school life is like. The day was filled with engaging activities, offering them a glimpse into the vibrant and dynamic learning environment that awaits them. Pupils enjoyed getting to know their peers and were able to develop new friendships with pupils who will be in their class from September 2024.

# IFTAAR EVENT 2024

The Year 11 pupils and staff members gathered in a heartwarming display of unity to partake in breaking their fast together. The evening was a profound experience, brimming with spiritual nourishment as attendees immersed themselves in Quranic recitations, soul-stirring nasheeds and heartfelt prayers. The shared meal was not just about the delicious food, but also about the shared camaraderie and the special bond that Ramadhan fosters. The students who dedicated themselves to organising the iftaar went above and beyond, pouring their time and effort into making it an unforgettable occasion. Their unwavering commitment and hard work truly elevated the event, etching it into the memories of all who attended.

## RAMADHAN BRUNCH TIME ACTIVITIES

The Ramadan activities during brunch time were fantastic. The girls thoroughly enjoyed the Islamic board games, Quran praying, seerah and Quran journaling. They dedicated themselves to these activities throughout the entire month of Ramadhan. It was a wonderful experience for them, enjoying the spiritual enrichment provided. They were truly immersed in activities and had a great time!

# ANGEL CHARITY

The pupils at PMGHS successfully raised a substantial amount for Angel Charity, dedicated to supporting Kenya by providing food packs for the disadvantaged. Their admirable efforts and commitment to this cause exemplify their compassion and selflessness. It is truly heartening to witness such a display of generosity from the students. The impact of their fundraising endeavours will undoubtedly make a significant difference in the lives of those in need in Kenya, showcasing the power of unity and kindness in creating positive change. A massive well done to them!

## BENEFIT MANKIND TREE APPEAL

The students donated money to plant fruit trees for the Benefit Mankind Charity. In Islam, charity holds significant importance, and this act of planting fruit trees is a form of ongoing charity (Sadaqah tul Jariyah). By planting these trees, the students are not only benefiting the environment, but also engaging in a form of charity that continues to benefit others over time. Their contribution will have a lasting impact and serve as a continuous reward.

# CYBERFIRST MEGA FESTIVAL

National Cyber  
Security Centre  
a part of GCHQ

In July, Year 8 pupils were invited to attend the CyberFirst MEGA Festival at Blackpool and the Fylde College University Centre, where over 300 girls from schools across Lancashire gathered. The aim of the event is to encourage Key Stage 3 girls to pursue an interest in STEM subjects by introducing them to the inspirational people working in technology and cyber roles today.

The girls had the opportunity to meet and engage in a series of interactive sessions with those working at the forefront of cyber security and technology from leading organisations. The day was filled with inspiration, learning and empowerment.

Congratulations to Fatima Desai 8G, Fatimah Nomani 8H and Sama Abdelaal 8P who were recognised for showing great enthusiasm in the interactive activities. Titan the Robot also made a special guest appearance at the event which was definitely the highlight of the day!

## CAREERS FAIR 2024

On Monday 15th July we hosted our annual careers fair for our pupils. This event allowed our pupils to talk to representatives from local colleges, businesses and universities about their career choices once they leave school, with a particular focus on post-16 education, including apprenticeships, as well as the more traditional education route. The pupils also had the opportunity to learn about career options and explore the realities of working in different industries.

# YEAR 10 CAREERS TRIP

## LANCASTER GIRLS' GRAMMAR SIXTH FORM

As part of our school careers' programme, Year 10 pupils visited Lancaster Girls' Grammar Sixth Form.

Pupils had the opportunity to meet with students and staff, and to learn all about what the study of A levels in this type of setting looks like.

Students were buzzing with excitement, ready to begin the adventure to LGGS and discover their future plans and aspirations to further develop their educational journey. The scenery was beautiful and surrounded by blooming flowers, the hall was wide, and we were welcomed by the Student Ambassadors and the staff members as we sat in the Assembly ready for the day to begin. I was placed in Group 1, so with the help of the Ambassadors I made my way to the Centenary Hall, where the lights shone bright, and the vibrant colours appealed to our eyes. First, we all stood up and played a game to test our ability to listen, a significant leadership quality to craft meaningful relationships and seek knowledge, we had to listen to instructions and execute our decisions clearly without hesitation illustrating the importance of getting outside of your comfort zone and opening the door to fresh opportunities/careers.

Then we were put into pairs, in which we asked reflective questions to deep dive into the mind of our partner. Questions like what we would do with £100,000, or which era of History we would like to go back to. Then we discovered the scandalous Fyre Festival, and the crime McFarland committed as he falsely advertised the event to innocent civilians who were sold by the illusion of a 'good holiday'. We were taught to choose justice over excessive greed.

After this fun and engaging activity, we received a greater insight into LGGS, and what makes this Sixth form special, unique, and designed to ensure our success and growth in later years. An overall inspiring experience, leaving me pondering and ready to begin the next step of my journey.

**-Mishel Rafiq 10M**

Lancaster Girls'  
Grammar School

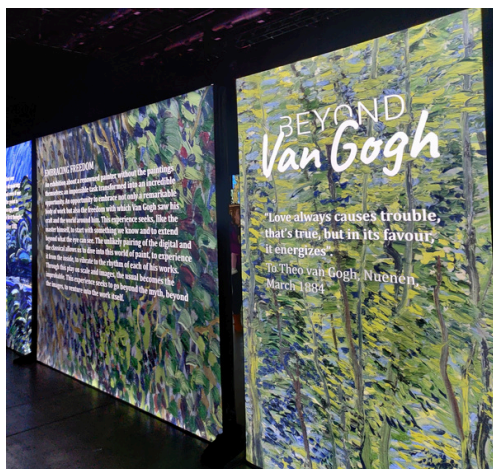

# YEAR 10 ART TRIP

## VAN GOGH IMMERSIVE EXPERIENCE

In July, the Year 10 Art pupils had the amazing opportunity to explore the Van Gogh immersive exhibition at the Liverpool Exhibition Centre. During the visit, the pupils immersed themselves in the intricate details of Van Gogh's work, from his expressive brush strokes to the captivating textures, drawing inspiration for their own artistic endeavors. The pupils were absolutely captivated by the experience and left feeling inspired and eager to incorporate what they had learned within their own artworks!

# CHARITY BAKEOFF

## 2024

The school's annual charity bake-off was a delightful event this year! The contestants, all teachers, faced the challenge of creating a three-tier sprinkle surprise cake in just an hour. Despite the challenges they encountered along the way, the pupils thoroughly enjoyed watching the teachers in action. In the end, the deserving winners of the competition were Mr. Mitchell and Mrs. Nalla, who impressed everyone with their baking skills and creativity. It was a sweet victory for them!

The contestants were Mr R Patel, Mr Y Patel, Mr Master, Mr A Patel & the winners Mr Mitchell and Mrs Nalla.
